## BYGLive! at Spring Grove Cemetery and Arboretum with the Ohio Champion Buckeye

### What Is It?

- Professional Training: the Walk-Abouts are for Green Industry professionals (arborists, landscapers, turf managers, nursery managers, etc.).
- Comprehensive: participants look at plants, plant pests, plant diseases, landscape designs, and other points of interest. Discussions focus on plant problem diagnostics, plant health management, plant selection, and sustainable landscape designs.
- Hands-On: the training is held outdoors; topics are viewed first-hand.
- Real-World: the Walk-Abouts reflect real-world landscape scouting; anything found on the Walk-Abouts is open for consideration!
- Up-to-Date: updates are provided on newly emerging plant health issues (e.g. pest

outbreaks, non-native invasives, changes to pesticide labeling, etc.)
